

This is the official Internet website for The Villages of Brantwell. The URL address for the website is <https://www.villagesofbrantwell.ca/>, and it's main navigation banner is shown below (as it currently appears on the HOME page.)

The website was created by the Webmaster and is maintained by the Website Team. The Team consists of: Bob Flake - Team Leader and Webmaster (Unit 192), Eleanor Godin (Unit 216), and Phil Carter (Unit 147). Content changes and enhancements to the website are made and instituted by the Team under final Board approval, which is expected to be an on-going process of continual website improvement.

This is intended to be a comprehensive "one-stop-shopping" on-line resource for keeping resident owners informed of and engaged in essential condo matters. Residents are encouraged to access and use the website frequently. Please also note that this website and the quarterly newsletter "The Village Voice" are meant to complement each other for keeping resident owners informed.

Click on any of the eight subject area tabs inside the blue ovals, as per above, in order to access that subject's information content. For the most part, each subject area is self explanatory; but, if you should have any problems, questions or concerns, please pass them along to the Webmaster or a member of the Website Team. The Webmaster may be e-mailed directly by clicking on the Feedback To Webmaster link at the bottom-left of the HOME page.

The HOME and PROPERTY MGR tabs may be accessed by anyone via the Internet. They contain general, non-confidential information about The Villages of Brantwell that may be of interest to the general public. The other six links are of a more private, confidential nature that only resident owners may access via a secure user ID and password. The ID and password have to be provided only once during a single session inside the website. For any resident owner who does not know the ID and password, an e-mail request for this information can be made directly to the Webmaster. But note that only resident owners may make this request. Residents will be notified anytime it should be necessary to change the ID and/or password for privacy or other reasons.

And finally, please note that brief information sessions are regularly scheduled at the Clubhouse, by the Website Team, for the benefit of any resident owners who feel they would like to learn more about the website and how they may use it to their maximum advantage. Please click on Calendar under the CLUBHOUSE tab for the next upcoming session.
